January 17th, 2018

Dear Colleagues,

From June 18th to 21st, 2018 we expect some 400 experts to attend the 22nd ETH Conference on Combustion Generated Nanoparticles in Zurich. The exhibition on particle measurement instrumentation and emission control devices including nanoparticle filters for biomass combustion is an integral part of the conference.

As in previous years, the organizing committee cordially invites you to participate in the exhibition and showcase your latest innovations. This year the exhibition will take place again on two levels for better access of the visitors. On both levels coffee will be served and an apero will be organized on Tuesday night.

Please let us know – **latest by March 23rd 2018** - if your company is interested in participating in the exhibition.

Date: June 18th to 21st, 2018
Place: ETH Zürich, Switzerland
Booth: approx. 5 m² (1.5 m x 3.6 m)
Fee: CHF 1'500.00

- We will participate; please reserve a booth for us.
 Please put us on stand-by. We are not sure yet
 We would like to sponsor the conference with an additional contribution of CHF/EUR

Sincerely,

Dr. Luis Cachon
Member of the Organising Committee
