

# 24<sup>th</sup> ETH Conference on Combustion-Generated Nanoparticles

With Focus Event

June 22<sup>nd</sup> - 25<sup>th</sup>, 2020 in Zurich, Switzerland

## Sponsorship Opportunities

The ETH Conference on Combustion-Generated Nanoparticles serves as an interdisciplinary platform for expert discussions on all aspects of combustion nanoparticles. More than 400 global experts are expected to attend the 24<sup>th</sup> ETH Conference. **This conference is only made possible thanks to the financial support from sponsors and exhibitors.** As in prior years there will be no participation fees for attending, despite the considerable amount of work required and costs occurring to conduct the conference.

**The organizing committee encourages anybody interested in the ETH Conference to support it by becoming a sponsor**, so we can continue to offer the Welcome Reception, all lunches, and the conference dinner free of charge. Only the support of sponsors makes it possible that the conference can take place in its current form. In return sponsors get the following opportunities:

OPPORTUNITY FOR COMPANIES	Gold	Silver	Bronze
Recognition as event sponsor in conference program	•	•	•
Inclusion of logo on official conference website (online for a full year)	•	•	•
Acknowledgment on sponsor page of conference booklet	•	•	•

## Other Sponsors

NON-COMMERCIAL SPONSORS	Sponsoring Contribution
Public institutions, trade and professional associations, research project/program groups, non-profit organizations, etc.	At discretion

The following applies to our non-commercial sponsors:

- There are no pre-defined sponsorship amounts. Every organization is at its own discretion to sponsor as much as desired to support the ETH Conference.
- The receipt of the sponsoring amount and its purpose will be confirmed in writing.
- The conference is organized by the “Verein zur Durchführung der ETH-Nanopartikel-Konferenz”. This association is a registered non-profit organization. **In most countries sponsoring and donations are therefore tax-deductible.**
- All non-commercial sponsors receive a report of the conference that details its statistics, highlights and key findings.
- There are no additional fees for participating in the conference.

We are grateful to these sponsors of last year's ETH Conference:

June 17<sup>th</sup> - 20<sup>th</sup>, 2019  
ETH Zürich, Switzerland
